2740 Department of Motor Vehicles

- 1. January Budget Proposal: Northern California Commercial Driver License Office.** The Administration requests \$20,000 to establish a consolidated Commercial Driver License (CDL) center in Northern California. Specifically, the proposal would consolidate the Modesto, Stockton, Vallejo, West Sacramento, and Yuba City CDL activities into one office. According to DMV, new federal regulations require that the Department provide additional space to conduct commercial driver tests. The Department plans to close the current West Sacramento CDL center and put it on the state's surplus property list to be sold or leased. The DMV will submit additional funding requests for the Northern California Commercial Driver License Office once a facility has been identified and costs determined.

Staff Comment: This item was held open at the Subcommittee at its Hearing on March 28th in response to questions relating to operations at the various CDL locations. These questions were addressed by the department on May 3rd. No additional concerns have been raised regarding this issue

Staff Recommendation: Approve the budget request.
